

3d.FAB | ACADEMY

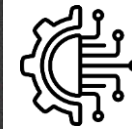

From theory to applications

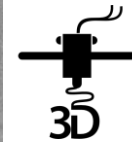

11th - 15th April 2022

Lyon, France

- 3D printing fundamentals
- Liquid deposition modelling
- Simulation and rheology
- Bioprinting advanced courses
- Printing in partially ordered systems
- Bioink formulation

- Ink jet bioprinters
- Robotic arm bioprinters
- Intraoperative bioprinting
- FREEFORMER

- CELLINK Afterwork and demo of lightbase technologies

- Full program
- Registration
